

Be the trades business that thrives

Did you know that 7 in 10 Australian trades businesses are stuck in a cycle of working hard and long without achieving their business and life goals?¹

Telstra Trades Assist® is an all-in-one app designed to make it easier for trades business owners to succeed sooner in life and business. It does this by powering up profit growth mindset and enabling fast efficient work flow.

 <p>Maximise your profit</p>	 <p>Get paid faster</p>	 <p>Improve work life balance</p>
 <p>Plan more effectively</p>	 <p>Increase customer satisfaction and loyalty</p>	 <p>Make better decisions with data driven insights</p>

Telstra Trades Assist[®] is easy to use and brings time-saving tools to the table

Manage customer assets

Monitor and track the condition of assets installed and/or repaired in the field to make better business decisions and proactively communicate offers to clients.

Scheduling and dispatch

Schedule and track jobs according to skills and availability, before dispatch. Monitor work completed, inventory and assets in near real-time.

Customer tracking

Keep a full register of customers including locations, addresses and points of contact. Apply tax and invoice rules on all jobs.

Safety checklists

Create checklists for capturing general and compulsory information at certain job stages, to help safety and compliance in the field.

Get on with the job and let Telstra Trades Assist improve the way you work

Smarter quoting

Get access to parts pricing and availability to quote and invoice in near real-time and provide a smoother experience to your customers.

In-built planning

The planning tools will help you to manage sent, outstanding and approved quotes and schedule them to the right worker at a time that best suits your customer.

Easy accounting

Link to popular accounting software.

Data driven insights

Use the live dashboard to better understand the profitability of your business and individual customers and productivity of your workforce in real time to make better business decisions.

Expert support and set-up

Getting a new application to manage your business is a big step, and to help get you there our specialist support team will get you set up and using the application so you get the most out of Telstra Trades Assist from day one.

Be 'that' trades business with Telstra Trades Assist

We've invested in more mobile coverage sites across city and country (>8,500) so you can enjoy Australia's largest and most reliable mobile network with few dead spots.
